SUMMARY

Supply chain executive at Rani Food Industries, I am working across planning and procurement. I forecast monthly demand, track raw material stock in ERP, and follow up with suppliers to keep production running. I've built the import plan for flavours, coordinated shipments with freight forwarders, and developed the S&OP framework and SKU-level BOMs with the sales and commercial teams. I'm growing toward a career in both procurement and planning.

EXPERIENCE

Executive, Supply Chain Management | ***Rani Food Industries*** **October 2026 – Present**

- Built the full import plan for flavours, coordinating suppliers and freight forwarders on shipments.
- Developed the S&OP framework and SKU-level BOM sheets with the sales and commercial teams.
- Forecast monthly demand in Excel using monthly consumption data and the factory production plan.
- Prevent stockouts of raw and foil packaging materials through daily ERP monitoring and supplier follow-ups.

Management Trainee Officer (SCM) **April 2026 – October 2026**

- Followed up with suppliers on pending deliveries and tracked daily raw material stock in ERP.
- Handled PO bill entries in ERP to keep records audit-ready.
- Monitor daily raw material stock levels through ERP, maintaining updated inventory records

Inside Dhaka Operations Intern - Pathao Ltd. **December 2025 – April 2026**

- Monitored 50K+ parcels, tracked 24-hour aging, conducted daily van follow-ups, and prepared delay reports, contributing to a 5% reduction in delivery delays.
- Led the POI (Point of Investigation) project across 250+ agents and 6 hubs, improving scan rate performance from 15% to 43% through regular follow-ups and coordination.
